# Defend education

# How can we stop the cuts in Higher Education?

## Thur 21st January, 5pm

Room CO.14, John Dalton Building,  
MMU (opposite the BBC Building  
on Oxford Rd)

Higher Education is under attack. When management at MMU announced 127 redundancies, they were following University bosses across the country who have announced cuts and job losses.

But education workers and students are uniting to fight back. We don't want the vision of education on offer - we want Universities that can deliver for staff and students. Come to this public meeting to discuss the attacks and how we can resist and win.
